2010 ASA SOY Calculation.

An average system will be utilized for Picking Shooter of the Year. A minimum of 5 qualifiers and the state tournament will be required to be eligible for Shooter of the Year program. Each class must have an average of 5 shooters per Class shooting for SOY in order to have a Shooter of the Year. No SOY will be awarded for Open C or Bow Novice class. This system is based on the Oklahoma guidelines for Shooter of the Year. (All Qualifiers shot by an archer will be used to average the archers score).
