October 2009

Box 21067, Oklahoma City, OK 73156

Your news and information about the nationally recognized Oklahoma City Gun Club.

Saturday, Sept 12 2009 marked the 10th anniversary of the NRA Women on Target instructional shooting clinic at (Women's Fun Shoot) okla city gun club. Over 400 registrants registered and numerous others were unfortunately turned away, as there are only so many seats on da bus! Its just refreshing to see the transformation of a new shooter whom truly has a respect for the opportunity. These ladies came from all walks and aspects of life but they truly came together in one area - "throwing lead down range!". They arrived in the morning a scosh sheepish and reluctant! - not to worry!, they work through that fast! And then it all comes together. We had almost 100 OKC gun club members/ industry/friends/retail volunteers that made this event play out! Its exciting and worthwhile to know we have so many in the community who want to get involved!

In addition, what a fabulous group of sponsors for this years event - Smith and Wesson, Glock, Leupold and Stevens, Okla Dept of Wildlife Conservation STEP program, Chesapeake Energy, Sheriff John Whetsel and the Oklahoma County Sheriffs Dept, www.autodents.com, Heartland FRNA, Raindance Sprinklers, Edmond Security Inc, Dr and Mrs Gary A Rouse, Vaughan Foods, US Gun Totes, Big Boys Guns and Ammo, Diva...WOW, Safari DIVA, Bob Howard, Security Designers, Inc, Jack's Bobcat Service, Pistol Pockets and Tony Newcomb T-Shirts.

Sept 11 2010 will be our 11th annual WOT instructional women's shooting clinic - please join us and register your fellow lady shooters on line at www.okcgunclub.org under "women's division". Changing attitudes and broadening horizons!! That's my focus!

Hope everyone has a flawless Fall hunting season and plz let me know if someone gets a bear down Southeast! - I'm looking forward to seeing if we make the 20 quota black bears the powers that be guesstamate we should harvest! .

Hope everyone has a truly memorable, safe and successful Fall season!

Quote of the Month

"Gun Control? It's the best thing you can do for crooks and gangsters. I want you to have nothing. If I'm a bad guy, I'm always gonna have a gun. Safety Locks? You will pull the trigger with a lock on, and I'll pull the trigger. We'll see who wins."

M1 Garand Matches at the OKC Gun Club

Starting on the 29th of November, the High Power division will host M1 Garand Matches immediately following the monthly High Power match on the last Sunday of each month. The course of fire is 5 sighting shots from the prone position, followed by 10 slow-fire shots from the prone position in a 10 minute time limit. After that, you fire 10 rapid-fire shots from the prone position in 80 seconds, followed by 10 shots from the standing position in 10 minutes. All firing will be from the 200-yard line. In all, each competitor needs to bring 35 rounds of ammunition and \$12.00.

Black Powder

We had a real nice day for a shoot very little wind. When I arrived at the range I know I told some one that they could use the range on sat that fine but they left it with trash barrel running over and also about 4 or 500 shot gun hull right at the firing line. I don't mind people using the range but you need to learn to clean up after your self I'm not your house keeper.

Action Pistol Division --- IPSC

88 shooters came out for the September IPSC match. We shot 7 stages and enjoyed lunches provided by Allie & Lindsey, the "Sand Witches". We had a number of new shooters and I appreciate everyone helping to welcome them and introduce our sport.

This month, Limited Division narrowly edged out Production, which tends to be the largest Division. This month's ICORE match was cancelled by weather. The results are as follows:

Division	#	1 st Place	2 nd Place	3 rd Place
Limited	25	Eric Fuson	Kelly Campbell	Mike Cyrwus
Limited-10	10	Troy Chaddon	Perry Kaufman	Sean McCanne
Open	15	Kelly Raglin	Jay Mackey	Jay Mackey, Jr.
Production	24	Stephen Hogg	Roman Leader	Lance Jensen
Revolver	5	Chris Gober	Roger Davis	Richard Miller
Single Stack	9	David Elderton	Matt Johnson	Mark Kimmel

Some Important News:

Yes, the calendar for the club shows the action pistol bays closed the day of our October IPSC match; the range will be closed *after* our match. I've had a number of emails asking.... Yes, we will have an **October IPSC match**.

Dust off the rifle and shotgun, load some ammo and get ready for 3-Gun. There will be a **3-Gun match on Sunday October 18th**. I've posted some information on the website and will update as more information becomes available. I just posted some updated rules that will be used for the 3-Gun matches along with some other information for first time 3-Gunners. Based on the support and interest for this match, we'll decide what we can manage in terms of regularly scheduled 3-gun matches.

Remember those steel challenge stages we incorporated into the last couple of IPSC matches? Well, here's your chance to try out a real **Steel Challenge match – November 21st**. We will recognize Open, Limited, and .22 rimfire divisions. I've posted information on the website about that too.

See you on the range.

Range Volunteers needed for Scout Centennial Camporee Oct 24

Oklahoma's Last Frontier Council of the Boy Scouts of America is celebrating a 100 year anniversary on October 24. The celebration will include many fun and exciting events for youth including air rifle and archery shooting. We need numerous volunteers to work the ranges so the Scouts can learn the basics and have a safe experience with the shooting sports. The ranges will be open from 9AM till about 4PM, and whatever time you could volunteer will be very helpful. The Camporee will be held at the Oklahoma Publishing Co. grounds located on the East side of the Broadway Extension between Wilshire and Britton Rd.

Please call Mark Vaughan 833-7894 by October 18 to help. THANKS!

The Designated Marksman on today's battlefield ...

The US Army's designated marksman is a soldier that has had additional training in firing at greater distances than the standard 300-meter qualification course. On the battlefield, the soldier utilizes a standard-issue M16A4 rifle or M4 carbine equipped with an optical sight such as the Trijicon ACOG to engage threats at close ranges that require precision fire, such as through windows, or at distances that exceed 400 meters, where the use of iron sights becomes too difficult for the average soldier. The designated marksman is not a sniper. His job is to direct quick, accurate fire from 0 to as much as 800 meters, removing or causing any threats to flee.

At the beginning of the conflicts in Afghanistan and Iraq, the Army was confronted with a shortage of resources for its designated marksmen, arming them with a combination of M16 rifles, M4 carbines, and even M14 rifles that had been in storage for many years. In that early period, training was conducted using iron sights only until enough optical sights could be procured, which proved that optics were not a necessity to engage targets at 500 meters. Despite that initial lack of resources, the designated marksmen proved their worth and today our soldiers are among the best equipped and trained in the world.

...and at the Oklahoma City Gun Club?

The High Power range would be suitable for a designated marksman-type match if there is sufficient interest. In keeping with the designated marksman concept, rifles would be limited to AR-15/M16 type or M1A/M14 type. Red dot sights such as the Aimpoint or holographic sights such as the Eotech, either of them with or without a magnifier, or the Trijicon ACOG would be the only optics allowed. Iron sights would of course be allowed.

A match would consist of five to ten shots each at the 200 through the 600 yard-lines at a standard silhouette target. In keeping with the designated marksmen concept, no shooting mats, coats, or bipods would be allowed. Shooting times would be held to one minute at each yard line to introduce stress and interject a bit of realism.

If anyone is interested in participating in such a match, please email me: dsarnold@sbcglobal.net. I can also be reached at 405-206-9935. Based on the number of responses, I will consider putting designated marksman matches on the High Power schedule.
